Applications and planned posts

25 October-30 November 2026, 23:59 EAT | 47 planned national posts for this role; appointments phased.

Role context

Norisha Foundation is establishing experienced professional teams for its county teams across Kenya. This role will help translate the Foundation's mission into coordinated, accountable support for vulnerable children, young people and families. The work requires depth of expertise, independent professional judgment and effective cooperation across programme and support functions. The postholder must understand how their decisions affect service quality, safeguarding, resources and public trust.

Purpose

Coordinate traceable purchasing, movement of resources and reliable office asset records. Provide departmental oversight and supervise the Assistant.

Reporting

Supported by one department Assistant. The Lead reports to the County Coordinator, with relevant regional/national functional guidance. The Lead assigns work, reviews its quality, mentors the Assistant and remains accountable for the department's professional outputs.

Responsibilities

1. Maintain procurement plans and coordinate approved requisitions and quotation comparisons.
2. Prepare complete purchasing records and identify conflicts of interest or missing authorisations.
3. Coordinate delivery checks, stock records and documented handovers.
4. Plan transport and field logistics within approved budgets and safe working arrangements.
5. Maintain asset registers, assignment records and periodic inventory checks.

6. Keep requesting, supplier selection, receipt verification and payment approval appropriately separated; escalate discrepancies promptly.

7. Allocate and review the Assistant's work, develop departmental routines and provide professional advice and risk reporting to office leadership.

Required qualifications

Master's degree in procurement, supply-chain management, logistics, operations management or a closely related field, plus a recognised relevant professional qualification.

Required experience

At least 5 years of progressively responsible experience in procurement, logistics and assets, including 3 years supporting NGO, nonprofit, humanitarian or community-development programmes and 2 years holding functional responsibility, supervising relevant work or independently managing a substantial professional portfolio. These periods may overlap. Experience must show increasing responsibility and verifiable results.

Knowledge and expertise

Procurement documentation, value-for-money analysis and ethical supplier dealings.

Stock/asset records, spreadsheets, logistics scheduling and reconciliation.

Ability to coordinate urgent field needs without bypassing approval and accountability controls.

Practical assessment

Compare fictional supplier offers, identify a conflict or missing document and reconcile a small stock/asset register. Explain how you would prioritise departmental work, supervise an Assistant and review the quality of the function's outputs.

Desirable strengths

Relevant advanced specialist training, continuing professional development and experience supporting complex, multi-programme organisations. A record of mentoring colleagues, improving systems and delivering measurable professional results is desirable.

Expected contribution

The successful postholder will be expected to establish dependable working routines, maintain evidence of work completed, identify risks early and provide practical advice to office leadership. Performance will be assessed against agreed work plans, quality of professional outputs, timely escalation and demonstrable improvements in delivery. Appointment does not confer authority to activate services, collect money or make commitments beyond written delegation.

1. Enrol, then complete your application

FIRST ENROL at <https://www.norisha.org/registration/careers> and save your reference. Then review this JD and submit the cover letter, CV, relevant academic/professional certificates and two professional referees (with permission) to mark@norisha.org. Email subject: NORISHA RECRUITMENT 2026 | enrolment reference | role title | preferred county. Use PDF attachments totalling preferably below 10 MB. Applications close 30 November 2026 at 23:59 EAT. Do not send ID/passport copies, KRA PINs, SHA, banking, medical or confidential beneficiary records through the public enrolment form. No recruitment fee is charged.

2. Appointment and deployment

Selection, credential checks, available funding, readiness and a written offer precede appointment. Remuneration, contract duration, benefits, duty station and start date are confirmed in written terms. Intended start: 1 December 2026, tentative. Enrolment is not an employment offer or authority to represent Norisha.

3. Authenticity and fairness

Qualifications, experience, professional credentials and references must be accurate, genuine and verifiable. Forgery and deliberate misrepresentation may lead to rejection or withdrawal of an offer after verification and referral to the relevant authorities. Selection assesses job-related competence; reasonable assessment adjustments may be requested.

4. Applicant privacy

Application information is used for recruitment review, contact and necessary credential/reference checks by authorised reviewers. Unsuccessful files are reviewed for deletion six months after closing unless retention is legally required. Longer talent-pool retention requires a separate invitation. Contact mark@norisha.org about access or correction, or Kenya's Office of the Data Protection Commissioner about applicable rights.
